AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
SECTION 1511 CERTIFICATION

City of Long Beach
Los Angeles River VSS Unit
Project No.: C-06-6971-110
Agreement No.: 08-330-550

The authorized representative of the State Water Resources Control Board hereby certifies, and/or affirms that the Los Angeles River VSS Unit (Project) has received the full review and vetting required by law and that such representative accepts responsibility that the Project is an appropriate use of taxpayer dollars. Subject to the provisions of the Financing Agreement, the following general description is provided in order to comply with Section 1511 of American Recovery and Reinvestment Act of 2009 (ARRA):

- Project description: The Project, Commonly known as Los Angeles River VSS Unit, generally consists of installing a Vortex Separation System (VSS) on a large storm drain leading to a pump station on the Los Angeles River in order to fully capture trash, debris and sediment before they are pumped into the Los Angeles River.

- Estimated total cost of the Project: Six hundred five thousand dollars and no cents. ($605,000).

- Type of assistance: Full principal forgiveness.

- Estimated amount of ARRA funds to be used: Five hundred thirty-nine thousand, six hundred thirty-four dollars and no cents ($539,634).
