

**AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
SECTION 1511 CERTIFICATION**

**Conservation Corps of North Bay
Olema Creek Sediment Reduction Project
Project No.: C-06-6915-110
Agreement No.: 08-310-550**

The authorized representative of the State Water Resources Control Board (State Water Board) hereby certifies, and/or affirms that the Olema Creek Sediment Reduction Project (Project) has received the full review and vetting required by law and that such representative accepts responsibility that the Project is an appropriate use of taxpayer dollars. The following general description is provided in order to comply with Section 1511 of American Recovery and Reinvestment Act of 2009 (ARRA):

- Project description: The Project, commonly known as Olema Creek Sediment Reduction Project, generally consists of implementing water quality improvement actions toward eliminating impairment of waters in the San Francisco Bay region and protecting California coastal waters, as more particularly described in the financial assistance application of the recipient, Conservation Corps of North Bay, and the accepted plans and specifications for the Project.
- Estimated total cost of the Project: Estimated Reasonable Cost. The estimated reasonable cost of the total Project, including associated planning and design costs is six hundred sixty-eight thousand six hundred dollars and no cents (\$668,600).
- Type of assistance: full principal forgiveness.
- Estimated amount of ARRA funds to be used: three hundred ninety-four thousand four hundred sixty-eight dollars and no cents (\$394,468).

STATE WATER BOARD
