

# CLIMATE PROTECTION CAMPAIGN

## ***Our mission***

To inspire, align, and mobilize action in response to the climate crisis. We work with business, government, youth and the broader community to advance practical, science-based solutions for significant greenhouse gas emission reductions.

August 30, 2010

Dear Pete,

I write in support of the Strategic Growth Council grant application "Get a Grip on Climate Change" being submitted by your department.

This letter also confirms the commitment of the Climate Protection Campaign to participate in this important endeavor, should our proposal receive funding.

Since 2001 the Climate Protection Campaign has worked with local governments, businesses, and the community in Sonoma County to inspire, align, and mobilizing action in response to the climate crisis, as you know.

Our aim is for Sonoma County to exhibit extraordinary leadership and inspire other communities throughout California and beyond. GRIP provides an opportunity for us to continue doing this.

Yours,

A handwritten signature in black ink, appearing to read "Ann Hancock", with a long horizontal flourish extending to the right.

Ann Hancock, Executive  
Director
